RE First Five Year Review Report for Rocky Flats Environmental
Technology Site, July 2002

Dear Joe

EPA has reviewed the revised copy of the Five Year Review for Rocky Flats Environmental Technology Site dated July 2002, and finds that it meets the requirements for which it was written. This report includes the necessary information for the first five year review of a site that is still in the process of characterization and remedial action. The revisions that have been made to the document and the responses attached in Appendix B adequately address the comments previously submitted by EPA and other interested parties. Therefore, EPA concurs with the conclusions and recommendations presented in the Five Year Review and has signed the concurrence block indicating this on the cover of the report.

Sincerely,

Max Dodson
Assistant Regional Administrator
Office of Ecosystems Protection & Remediation

Subject Rocky Flats First 5 Year Review Signature Date

Rebecca, Dianna, et al

It has come to my attention that the date stamp on the Rocky Flats 5 Year Review by EPA's signature block was incorrect. Instead of Aug 26, 2002 the document was actually signed by Max Dodson on September 26, 2002. This has been revised on the original and replacement pages are being sent out to replace the first copies sent out. Sorry for the inconvenience. gk
